

Laser Scanner Target Set ST-6S

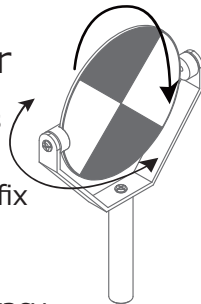

feature1

Easy to set the target at directly opposite to scanner

The target is adjustable at any angles in vertical and horizontal.

Constant loading to rotation axis can fix the angle without a fixing screw.

The crosspoint is arranged on the the central axis line, it brings stable accuracy.

feature2

Versatility & Portability

Able to use with the poles and the tripods with tribrach by 5/8 inch screw.

The case M-STC can store ST-6 x 3pcs, or ST-6 x 2pcs with tribrach & adapter.
