

Multi Cushion Case M-MCC

Light & Tough

Protect your valuable instrument

1 Hard Cushion

To protect the instrument from external shock, outer side of the case are surrounded by hard cushions that hardly yield.

2 Free Partition

Removable partition can be attached anywhere by hook and loop tape. Removable softer cushions lead to even higher protection level.

3 2Way

Use the handles and the shoulder strap depending on the situation.

4 Multi Case

You can put away various surveying accessories as you like.
