

# Holder for Smartphone Tetra Grip

## Features

- You can check the device screen and circular level at the same time on the pole.
- Pole size : 16mm~36mm  $\phi$   
(9mm/6mm  $\phi$  with adapter)

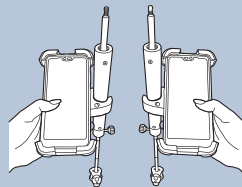

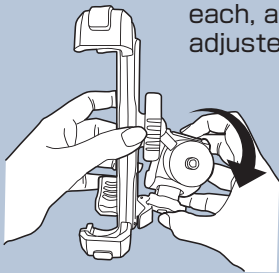

## Point 1

### Position of holder

You can place the holder on the right / left side of the pole by changing the axis angle with attached hex wrench.

Axis angle can be adjusted by 60° each, and the device angle can be adjusted by ball joint.

## Point 2

### Protection

This holder grips each corner of your phone tightly and safe switch on the back can lock the clamp. It ensures the safety of your phone even from strong vibration or shock.

Unlock

Lock

Protection rubber at each corner
